PAUMME invites world-wide architectural students and professionals to present their work and discuss innovative design approaches.

Exhibition and competition as part of the Joint Event AGORA CAUMME 2020 will be held in German University in Cairo on November 25th – 29th 2020.

ABOUT PAUMME 2020

PAUMME - Projects of Architecture and Urbanism in the Mediterranean and the Middle East.

Projects of Architecture and Urbanism will hold an exhibition and competition as part of the Joint Event AGORA CAUMME 2020 in German University in Cairo on November 25th – 29th 2020.

The main objective of the exhibition is to foster the integration of Mediterranean and Middle East identities into contemporary parameters of Architecture and Urbanism. It emphasizes and values the role of Architecture and Urbanism as a platform for social cohesion.

PAUMME pursues to highlight and commend the excellence in Mediterranean and Middle East Architectures in creative works which are less than three years old. PAUMME 2020 aims to involve students and professionals, to engage young architects and researchers to interact, and to promote Architecture and Urban quality designs in the region.

“ **PAUMME 2020** brings together Entries from students and professionals which will be recognized by experienced international architects, urbanists and practitioners who can truly validate and evaluate design using their wisdom base and insights, experience, and invaluable knowledge.”

PARTICIPANTS AND CATEGORIES

PAUMME 2020 targets students and professionals of Architecture and Urban Design. Projects involved can be built or unbuilt works produced within the past 3 years.

- Projects must be original work done by the participants themselves.
- All PAUMME 2020 entries should be **students, or professionals** in the field of architecture and/or-urban design, and will be judges on those two categories.
- Projects should be submitted into one of two main themes: **Architecture, and Urban design.**
- Participants of both categories can work on their own or as part of a team to create their own project.

Entries which meet PAUMME 2020 criteria will be eligible for registration and awards

Registration of names closes on May 31st 2020 and submission of projects closes on November 2nd 2020

SUBMISSION CRITERIA & REQUIRMENTS

Once you register your name you will be eligible to send the registration fees and submit your project through our online system

To make the most of your entry, we recommend you to check below list:

- Ensure you fall under one of the two categories; Students and Professionals.
- Read the guide for participants.
- Download the layout required for the Competition.
- Ensure you follow the guide within deadlines.

PAUMME provides three different layouts, which you can find on PAUMME 2020 webpage (www.agorasociety.net).

Participants must select **ONLY one** layout that fits their project and submit it through our online system by **November 2nd 2020** the latest

Participants are required to submit one panel (170*70CM) which includes;

- Brief description of the project in maximum 200 words.
- Concepts
- Inspirations
- Technical Drawings
- Visualizations

COMPETITION
