AUMME

AGORA is a society of architects and urban scholars devoted to the development of research in the Mediterranean basin.

AGORA is a platform where urban related urgenies are discussed through workshops, lectures, and congresses on a regular annual basis to reflect on the most up-to-date topics in the field of urban planning, by promoting and joining international research groups to uprising global agendas.

2020-2021

AUMME (Architecture and Urbanism in the Mediterranean and the Middle East) was founded in 2011 to foster a series of international events including symposiums and exhibitions.

AUMME is a platform which intends to organize parallel events: CAUMME symposium, PAUMME architectural projects exhibitions, and SAUMME meetings of architecture and urbanism in the Mediterranean and the Middle East.
